## *Handle Options*

---

One of the great things about choosing a door screen from Phantom is that you have a couple of closure options when it comes to securing your screen. You can choose either a latching handle or magnet handle.

### **LATCHING HANDLE**

Chosen by 90% of our customers, it has an integrated quick release latch in the handle making the screen easy to use and secure from unintended openings.

### **MAGNET HANDLE**

Our simple, original handle uses a magnet closure system that allows for easy release and breakaway upon impact to protect the mesh.
