

# PHANTOM'S RETRACTABLE SCREENS FOR ALL DOOR TYPES

Now  
available  
with  
mesh lock!

## OUR RETRACTABLE DOOR SCREEN... NOW WITH CAPTURED EDGE!

Mesh lock is a reinforced solution for door screens that are exposed to pets, pests and wind. It keeps the mesh completely secured in the top and bottom tracks providing extra stability and durability – something pet owners will love!

## We've got the edge!

A captured edge solution... for standard size retractable door screens.

In addition to our retractable door screen benefits of allowing fresh air in, and keeping bugs out – adding mesh lock can help with wind, keeping pets in or keeping pests out. Our latest solution for door screens to make your life a little easier. Mesh lock completely secures the mesh in the top and bottom tracks to prevent small pets from escaping, unwanted critters from entering and mesh blowouts. Phantom's retractable door screens with mesh lock delivers even more comfort for your peace of mind.
